

p/n 4510-112
STD/DPD "MUSCLES" Li-Ion
Battery Charger (A)

Charges one (1) DPD/STD Li-Ion Battery in eight (8) hours.
 (NSN 6130-01-536-0585)

p/n 4510-118
Spare STD/DPD "MUSCLES"
Li-Ion Propulsion Battery

Contained in sealed Pressure-Proof Battery Container.
 (NSN 6140-01-536-0008)

4510-250
HMU Modifications

Includes all modifications and hardware required to mount and operate a Hydrographic Mapping Unit (HMU) into the STD/DPD.

p/n 4510-251
RNAV Navigation Upgrade Kit (B)

Replaces standard DPD navigation system. Combines improved navigation capabilities with gloved hand operation and comfortable viewing for diver. Neutrally buoyant unit mounts easily in the STD/DPD. Includes all necessary hardware, instructions for field installation, O&M Manual, and training materials.

4510-130
STD/DPD Contoured
Cargo Bag w/NBU Pouches

Cargo bag contoured to fit into the STD/DPD cargo area and be made neutral with NBUs (p/n 4510-944).

p/n 4510-131
Heavy-Duty Carry Bag (C)

DPD Protective Nylon zippered bag for hand-carrying the DPD.

p/n 4510-137
Maintenance Cart (D)

Wheeled cart for use when servicing or storing the DPD.

p/n 4510-138
STD/DPD All Terrain Dolly (E)

Wheeled cart with welded aluminum frame, four (4) 18in. x 9.50in. all-terrain tires and collapsible handle. Launches the STD/DPD over rough terrain and over the beach to water.

4510-155
Reusable
Shipping Container (F)

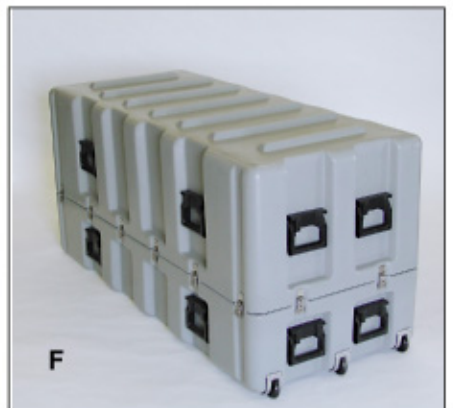

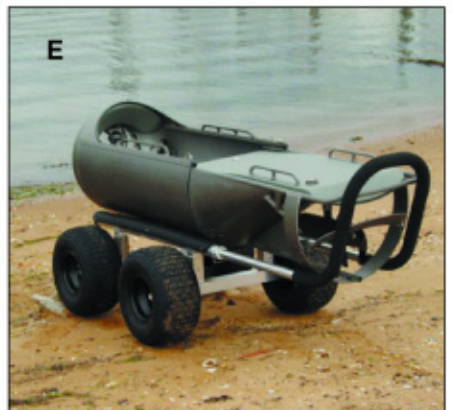

Molded IATA-Approved HDPE Container with foam inserts. For one (1) STD/DPD plus Battery and Accessories. Stainless Hardware. (NSN 8145-01-536-1002)

4530-9-332
Unique Identification
(UID) Tag

Provides for the coding, identification and marking of STD/DPD and selected options in compliance with MIL STD 130.

STIDD Systems provides worldwide on-site training

p/n 4510-920

Extended Range Option

Doubles the range of a STD/DPD, includes: B-Link Electronic Interface, Neutral Buoyancy Cradle, Installation Hardware and O&M Manual.

A second (spare) STD/DPD "MUSCLES" Li-Ion Battery is required (p/n 4510-118). (NSN 4220-01-536-1467)

p/n 4510-935

Operational Spare Parts & Consumables

Includes the parts and consumables to operate one (1) STD/DPD for approximately four (4) years. (NSN 4220-01-538-5983)

p/n 4510-940

Long Term Maintenance Spare Parts

Includes all spare parts required to perform STD/DPD depot maintenance and non-warranty repair for one (1) STD/DPD for approximately four (4) years. (NSN 2590-01-536-1576)

p/n 4510-941

Long Term Maintenance Special Tools

Includes all special tools required to perform depot level maintenance for up to six (6) STD/DPDs. (NSN 4220-01-536-1448)

DPD Electrical Diagnostic Bench Test Kit is included with DPD Long Term Maintenance Special Tools.

DPD Thruster Bench Test Power Supply is included with DPD Long Term Maintenance Special Tools.

p/n 4510-943

Provisioning Parts List (PPL)

Listing of all recommended replaceable parts and LRUs for the STD/DPD with current FY pricing.

p/n 4510-944

Neutral Buoyancy Unit (NBU) Pack

Contains 64 NBU cells, each cell provides 1 lb. (500g) of buoyancy. For use with Contoured Cargo Bag (p/n 4510-130) or other load out container. (NSN 4220-01-538-5980)

p/n 4510-200

Field Service Kit

All tools required to service and maintain the STD/DPD while in operational deployment. (NSN4220-01-538-5984)

p/n 4510-210

Deployment Load Out Kit

All parts and consumables required to support the STD/DPD during both operational deployment and emergency field repairs for (1) STD/DPD for approximately four (4) years. (NSN 4220-01-538-5985)

p/n 4510-220

Load Out Training & Support

(Required with p/n 4510-210)

p/n 4510-125

DPD O&M Manual

CD format, in plastic case.

TRAINING AND SUPPORT

4510-930

Basic Maintenance & Operation Training Course (Level 1)

Comprehensive five (5) day instructional course for up to ten (10) students performed by a STIDD senior technician/operator at the Customer's facility, covering all aspects of STD/DPD Maintenance and Operation. Includes all consumables and travel costs for the instructor.

4510-931
